MANAS ROY | ARCHITECT & URBAN DESIGNER

B. Arch. (Jadavpur University | Kolkata)

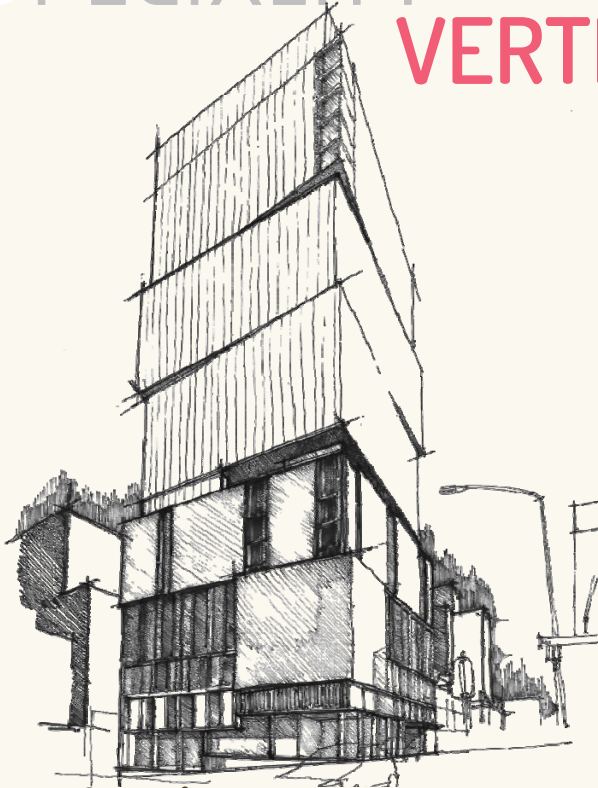

M. Arch. (School of Planning & Architecture | Delhi)

Registered Architect | Council of Architecture, India

Manas, an Architect and Urban Design professional offering 13 years of significant urban development project experiences with diverse roles distinguished with project conceptualization, sustainable development frameworks, project implementation strategies, engineering-design consultancy and proven record of excellence in design management. With extensive project delivery and business development skills across diverse sectors and geographies, he worked in national & international agencies, multinational consultation firms and infrastructure institutions and achieved broad familiarity of working with Government and statutory departments. After completion of his graduation in Architecture (B. Arch.) in 2007 and post graduation in Urban Design (M. Arch.) in 2010; he explored different facets of the profession while working with renowned architects & urban development strategists throughout the country.

Over 13 years, Manas had designed, successfully managed projects and executed a variety of residential, group housing, commercial, institutional, Industrial, historical conservation and urban design projects. The domain of his special skills is mostly in spearheading the campaigns of smart conceptualization, design management, cost management & quality audits at significant ventures. His works consists of a bold design language, innovative spatial organization keeping primary focus on context, environment and public interface. Manas has been a speaker at several national design conferences and a visiting professor of architecture & city planning at a renowned University in Kolkata. His works uniquely value client's wish-lists keeping a balance between conceptual freedoms and engineering obligations. It is with love for the art of architecture, social responsibility and passion for cultural roots he wishes to add to the growing theory of new urbanism.
